Karandaaz Equity Investment in

 excel ° labs

Highlights of Karandaaz Investment

“Karandaaz Pakistan has made growth capital investment in Excel Labs. The investment will be used by Excel Labs for expansion of its current operations and addition of new, high margin business lines. Karandaaz investments in high growth businesses, such as Excel Labs, are creating jobs, building capacity in the private sector, and boosting economic growth in the country.”

Impact of Karandaaz Investment

735 new jobs including 514 for youth and 183 for women

Expansion of the diagnostic services offered by Excel Labs by more than three times across the country and introduction of a full spectrum of diagnostic, health, and well-being services

About Excel Labs

Excel Labs, one of the largest laboratory and diagnostic services providers in Pakistan, was established in 1991 and converted to a private limited company in 2000. Excel Labs has a presence at more than 60 locations across Punjab, Khyber Pakhtunkhwa and Azad Jammu & Kashmir. The labs offer a total of 727 tests and also provide access to the testing facilities of LabCorp - one of the largest laboratory networks in the U.S. with a menu of more than 4000 tests.
